Powerfully effective

Easy to use

New formulation

RK-listed with the DGfDB  
(German Society for Bathing)\*

**dinoSTARK**

Simply enjoy the best water!

## For your pool, pool environment, sanitary facilities

<b>UNIVERSAL CLEANER</b>	
ALKALINE	<p><b>dinoCLEAN AD</b></p> <p>Alkaline, viscous universal cleaner with a pleasant smell. Ideal cleaner in the spring. Removes grease, oil and other organic impurities on film, GRP, concrete, stainless steel. In case of stubborn dirt, use the product undiluted. A pre-dilution of 1:5 to 1:20 provides a gel structure that adheres particularly well to vertical surfaces.</p>
<b>MAINTENANCE CLEANER</b>	
ACIDIC	<p><b>dinoCLEAN SD</b></p> <p>Acidic, viscous maintenance cleaner with a pleasant smell. Ideal cleaner in the spring. Removes stubborn mineral deposits on film, GRP, concrete, stainless steel. Viscous when undiluted, particularly good adhesion to vertical surfaces. Spot application against lime stains.</p>
<b>ALL-PURPOSE CLEANER</b>	
NEUTRAL	<p><b>dinoCLEAN N RAPID</b></p> <p>Neutral maintenance and all-purpose cleaner with a pleasant smell. Removes light organic deposits in indoor swimming pools, showers and sanitary facilities, and in changing rooms. <b>RK-listed with the DGfDB (German Society for Bathing)*</b></p>
<b>BASIC CLEANER</b>	
ALKALINE	<p><b>dinoCLEAN A RAPID</b></p> <p>Strongly alkaline basic and maintenance cleaner with a pleasant smell. Removes grease, oils and other heavy organic impurities in indoor swimming pools, showers and sanitary facilities, and changing rooms. Also ideal for cleaning of stainless steel, ceramics, foil and plastics in the spring. <b>RK-listed with the DGfDB (German Society for Bathing)*</b></p>
ACIDIC	<p><b>dinoCLEAN S RAPID</b></p> <p>Strongly acidic basic and maintenance cleaner with a pleasant smell. Removes mineral deposits and and stubborn limescale in indoor swimming pools, shower and sanitary facilities, and changing rooms. Also ideal for cleaning of stainless steel, ceramics, foil and plastics in the spring. <b>RK-listed with the DGfDB (German Society for Bathing)*</b></p>

## Special cleaners

<b>EDGE CLEANER</b>	
ALKALINE	<p><b>dinoCLEAN RR</b></p> <p>Mild alkaline edge cleaner without surfactants. Foam-free, does not form combined chlorine. Removes organic impurities like sunscreen on film, GRP, concrete, stainless steel. Viscous when undiluted, ideal for removing greasy edges.</p>
<b>STAINLESS STEEL CLEANER</b>	
ACIDIC	<p><b>dinoCLEAN VA</b></p> <p>Acidic stainless steel cleaner for basic and maintenance cleaning. Cleans stainless steel and renews the passivation layer. Dissolves rust and corrosion. Removes mineral deposits as well as minor organic impurities. Viscous when undiluted (basic cleaning), gel-like when diluted (maintenance cleaning).</p>
<b>POOL COVER CLEANER</b>	
ACIDIC	<p><b>dinoCLEAN CC</b></p> <p>Strongly acidic spring cleaner with a pleasant smell. Removes stubborn deposits from pool covers (plastic and aluminium slats). Liquid when undiluted, also ideal for application with a pressure sprayer. Can also be used for maintenance cleaning during operation (recirculation time).</p>

## Filter cleaner

ALKALINE	<p><b>Filter Cleaner RAPID</b></p> <p>Strongly alkaline basic cleaner for all established filter materials commonly used in swimming pools. Removes organic deposits from the filter medium. Easy application, short contact time, extreme dirt removal, also from granular activated carbon. Liquid when undiluted. Sufficient for up to 100 kg of filter sand.</p>
