TRUST THE POOL EXPERTS

CF PRO

ELECTRIC POOL CLEANERS

Discover excellence in pool cleaning with our range of CF PRO cleaners. Featuring patented cyclonic suction technology, our robots guarantee exceptional cleanliness with essential features for the CF 1000 PRO, advanced options for the CF 2000 PRO, and super handy cordless design for the CF 3000CL PRO, pushing back the limits of performance and water purity.

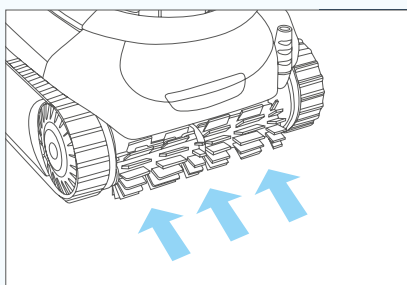

+ Products

Cyclonic suction for constant, long-lasting cleaning performance.

Unrivalled agility: smart navigation, 2 traction motors.

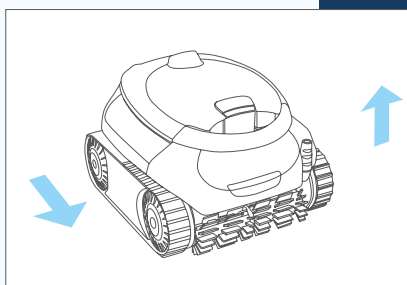

Ergonomics: top access filter.

Exclusive design.

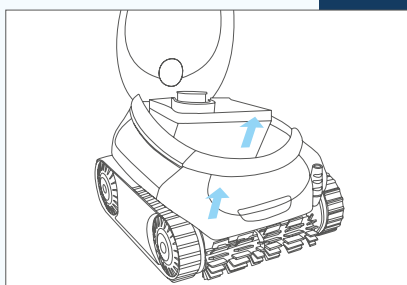

HELIX BRUSHES

The helix-shaped brushes ensure a continuous flow between the front of the robot and the suction port on the underside of the appliance, preventing larger debris from being pushed forwards.

UNRIVALLED AGILITY

With intelligent sensors like the accelerometer and gyroscope, CF PRO robots offer exceptional coverage and limitless agility. They work perfectly in all pool shapes and on all types of surface.

EASE OF USE

The filter is accessible from the top, making it simple to use on a daily basis. What's more, the by-pass and rear grid help to quickly evacuate the water contained inside the robot, making it easier to remove from the pool.

CF 3000CL PRO

THE CORDLESS, AGILE AND CONNECTED CLEANER FOR ALL POOLS

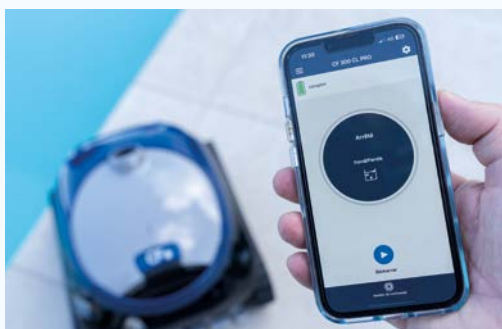

Its cordless design allows free movement, eliminating cable tangling in the pool. It is lightweight and easily stored in its practical charging station. The inductive charging system enables efficient charging and extends the battery lifetime, for a never-ending cleanliness.

MORE

CF 3000CL PRO IS CONNECTED!

Check the pool cleaning via your smartphone with the iAquaLink application: choose your settings, start your cycle and track its progress. You will receive a notification upon completion. The cleaner will wait 10 minutes at the waterline, then go down to the wall bottom.

Practical inductive docking and charging station

CF 2000 PRO

THE HIGH-PERFORMANCE, CONNECTED, FULLY-EQUIPPED CLEANER

With its interlocking dual filtration and smart connectivity, remote control and superior water filtration, the CF 2000 PRO is the cleaner you need for a comprehensive, relaxed cleaning experience.

CF 2000 PRO IS CONNECTED!

Check the pool cleaning via your smartphone with the iAquaLink application: choose your settings, start your cycle and track its progress. You will receive a notification upon completion.

DOUBLE STAGE FILTRATION

Its embedded dual filtration system captures everything from the largest debris to the finest impurities, ensuring exceptionally pure water while extending the lifespan of the filter.

FREEDOM OF MOVEMENT

Thanks to the anti-tangle swivel, the CF 2000 PRO moves smoothly around the pool, avoiding knots and making it easy to store after use.

ERGONOMIC TRANSPORT

A sturdy trolley ensures easy transport and safe storage of your robot, adding a practical touch to its exceptional cleaning power.

Included with the CF 2000 PRO and available as an option for the other CF PRO models.

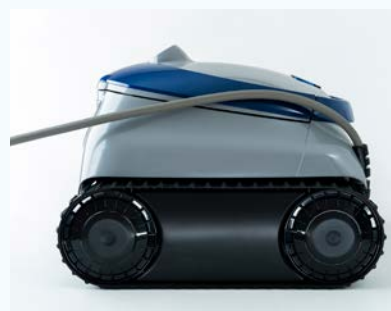

CF 1000 PRO

THE CLEANER THAT COMBINES EASE OF USE
AND PERFORMANCE

Essential yet powerful, the CF 1000 PRO offers exceptional cleanliness with its patented cyclonic vacuum, ideal for efficient performance in any pool.
