ELECTRIC POOL CLEANERS

CF PRO

Discover excellence in pool cleaning with our range of CF Pro cleaners. Featuring patented cyclonic suction technology, our robots guarantee exceptional cleanliness with essential features for the CF 1000 Pro and advanced options for the CF 2000 Pro, pushing back the limits of performance and water purity.

+ products

Cyclonic suction for constant, long-lasting cleaning performance.

Unrivalled agility: smart navigation, 2 traction motors.

Ergonomics: top access filter.

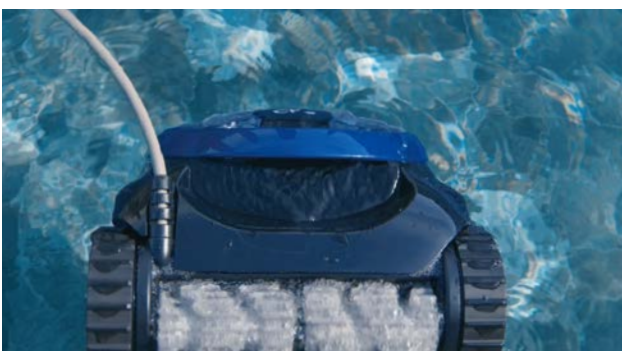

Exclusive design.

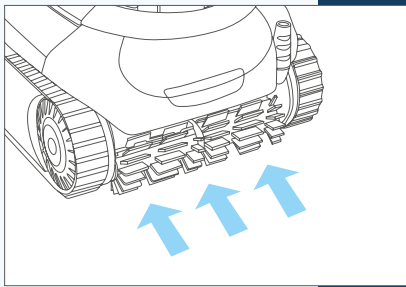

CF 1000 PRO

THE CLEANER THAT COMBINES
EASE OF USE AND PERFORMANCE

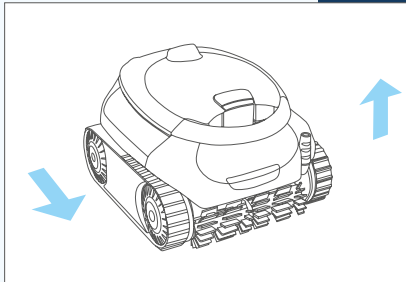

Essential yet powerful, the CF 1000 Pro offers exceptional cleanliness with its patented cyclonic vacuum, ideal for efficient performance in any pool.

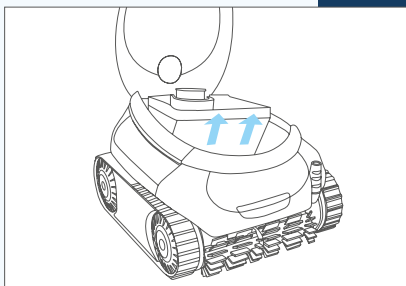

HELIX BRUSHED

The helix-shaped brushes ensure a continuous flow between the front of the robot and the suction port on the underside of the appliance, preventing larger debris from being pushed forwards.

UNRIVALLED AGILITY

With intelligent sensors like the accelerometer and gyroscope, CF Pro robots offer exceptional coverage and limitless agility. They work perfectly in all pool shapes and on all types of surface.

EASY OF USE

The filter is accessible from the top, making it simple to use on a daily basis. What's more, the by-pass and rear grid help to quickly evacuate the water contained inside the robot, making it easier to remove from the pool.

CF 2000 PRO

THE HIGH-PERFORMANCE, CONNECTED, FULLY-EQUIPPED CLEANER

With its interlocking dual filtration and smart connectivity, offering superior water filtration and remote control, the CF 2000 Pro is the cleaner you need for a complete, serene cleaning experience.

DOUBLE STAGE FILTRATION

Its embedded dual filtration system captures everything from the largest debris to the finest impurities, ensuring exceptionally pure water while extending the lifespan of the filter.

CONNECTED

Check your pool cleaning remotely with the iAqualink application: choose your settings, start your cycle and track its progress, getting notified when it's over.

FREEDOM OF MOVEMENT

Thanks to the anti-tangle swivel, the CF 2000 Pro moves smoothly around the pool, avoiding knots and making it easy to store after use.

ERGONOMIC TRANSPORT

A sturdy trolley ensures easy transport and safe storage of your robot, adding a practical touch to its exceptional cleaning power.

Available as an option on the CF 1000 Pro
