

# Watercom Comfort, the perfect starter system

Watercom stands for a compact, space-saving "All in One" swimming pool technology. Everything is included: automatic measurement, control and dosing with remote access via smartphone or similar. Filtration technology complete with automatic backwashing and control of ECO pumps. Heating-control, safety functions and much more.

*Remote control of your control system via smartphone, tablet...*

*Ultra space-saving*

*Pre-configured and pre-assembled*

*Available also as "EASY" model with manual 6-way valve*

## Watercom Comfort

Measurement • Control • Dosing • Filtration • Monitoring

## Watercom - Comfort and Quality

Remote access to your PC DYNAMICS control around the clock. The convenient menu navigation is a pleasure to use and offers an intuitive operation.

A space saving miracle thanks to the innovative and safe Watercom concept of mounting directly on the filter.

Multi-function filter control. Includes a direct control of pumps with frequency converter (ECO mode). Automatic backwash.

Quality filter Senator S made from high-grade, fiber-glass reinforced polyester. Filled with VitroSphere filter beads or filter sand on request.

### Watercom Comfort system components:
